We are always looking for families or church groups to come and help us to reach our field. The need is great, but the laborers are still few. If you would like to come and experience reaching Colorado, please contact us. We would love the help and the fellowship.

## Report for April 2020

Like any other ministry in the world at this time, we are doing all that we can do during this virus. We are severely limited as to our interaction with people, but we are maximizing technology the best that we can. Two of the ways that we are getting the Word out is by doing Facebook live sermons and facebook live daily devotionals. It seems that we are generating somewhat of a following through these avenues. We are also texting and calling people as much as possible. We have not met as a congregation since mid March, but we have continued to teach through the avenues that technology allows us. We have also seen an increase of interest from some of our neighbors. We have also been reaching out to our community and offering prayer or any other service that we can to love on people. We are praying for the increase once we are able to go back to meeting.

---

We have had double the financial struggle this month. Not only have we been short on our housing for a few months in a row now, we were also hit with an unexpected car repair bill of \$1600. Even though we have been short on housing and insurance needs of \$600 a month, the Lord has allowed us to be able to stretch and cover the short fall. This month hit us a little harder. We have not driven very much over the past month, but the one time we did, we had the A/C Compressor cease up and break the belt. We basically had to put a whole new A/C in the car. If anyone would like to help with car repairs, offerings designated "car repairs" would be greatly appreciated.

Please pray about our monthly support for our housing and insurance needs.

With the virus affecting all of our churches, we are beyond grateful for those that continue to support us through this. Your faithful monthly offerings are so appreciated. We realize that without your faithful support there is no way that we could continue to stay on the field in Colorado. We are praying for you as we all go through this.
