Are you a college age person? Are you currently looking for somewhere to serve this summer? We would love to plan a week or two of ministry with you. Come see Colorado and serve the Lord in a challenging field.

We want to plan a time this summer to host a group of college age adults. Please contact me for more information.

Report for May 2020

Considering all things that are happening and have happened for this year, the month of May has actually been a good month. We were able to have two backyard worship services. In each case, my neighbors attended from their yards. They did not come to our house, but sat outside and listened to the sermon. Pray for these families as hopefully restrictions begin to ease here and we begin meeting inside again.

The restrictions in Colorado are still very tight on churches. Churches are opened, technically, but only allow 10 people. Restaurants, this weekend, just began to open back up. Not only are the restrictions tight from the government, but the perception of the community is still very tight. In our area, people are still living in extreme fear of the virus. We are doing our best to attempt to balance our communities feelings and trying to forge forward.

This month, we were also blessed to be able to attend both the pre associational Missionary Committee and Baptist Sunday School Committee meetings this year. It was a blessing to spend the time in fellowship with my preacher brethren. We are so thankful for another year of support through the office of Secretary of Missions of the ABA.

We have always been thankful for each church and individual that sends financial support our way, but this year has taught us even greater appreciation. We realize that there are challenges that each church is facing, and we appreciate the faithfulness of offerings even more.

We still have challenges that we face every month like our housing, insurance, and car repairs, but our God continues to be faithful. Thank you all for your prayers and faithful support.
