“Rejoice!”

from left to right: Dalton, Cam, Zalix and Allen

Cam Xiong has accepted Jesus Christ as his personal savior!

Cam is one of several young men we have been mentoring over the last 4 years. He has always been a good kid but with a very rough home life. He has been at our house practically night and day the past 4 years and we think of him as one of our sons. About 2 months ago. We could tell he was going through some especially hard times. We asked if everything was ok and he said “No, but I don’t want to talk about it right now.” We told him we are there for him when he wants to talk. About 2 weeks ago he called and said he was on his way over and was ready to talk. When he arrived he was crying and visibly upset. We talked to him about everything that was going on in his life and his response to us was “I know you guys love me just like your own son but the ones I want to love me don’t.” I had a conversation with him about his identity needed to be who he was in Christ.....a child of the king!

I went through the plan of salvation with him and at the end of the conversation he said to me “I have already done that! I did that when we were in Louisiana last summer in Lafayette for IMPACT.” I asked him very specific questions about his experience and I am sure based on his answers he had given his life to Christ that night! I asked him why he hadn’t told me or anyone else and his answer taught me a big lesson! **What you say and mean and what people hear can be different!** His response was “Well, you have always said salvation was not about religion it is about a personal relationship with Jesus so I didn’t think I needed to since it was personal!”

Praise God he is saved and now I am teaching him (very carefully and methodically!) of the need to follow his salvation up with a public declaration of baptism.

Current ministry situation and needs

Due to the covid-19 pandemic, we are, as I assume a lot of you are, doing hybrid online learning for school. A large portion of our ministry involves kids and we currently have anywhere from 3-5 kids at our house daily doing online school. Some are kids who we know need the discipline and structure and one comes to our house because he does not have internet access. Because of the fact my wife and I primarily work from home, it is becoming difficult to provide "quiet spaces" for everyone. We have been praying about creative ways to continue offering our house to the kids, and we are looking into adding on a room to the back of the house for office space.

We have looked into pricing and we were quoted 15k to frame everything out. Then we would have to do all the finishing work. Our next door neighbor is an electrician and he said he would do all the electric for us. Our need is that we find a group/church/ministry that would be willing to come and donate labor to help get everything framed so we can finish ourselves. Potentially saving thousands of dollars! If you are interested or know someone who is, please let me know. There is no specific timeline, but obviously, we would like to get this Project finished this school year.

As of now, football season is a go, and I am back coaching the kids! It feels great to be back out investing in these young men's lives! Please continue to pray I have an eternal impact on as many as I can!

Thank you so much for your continued prayer and financial support!
Yours in Christ: The Browns
