Report for October 2020

We are still rejoicing and encouraged over the things that our Lord is doing here in Colorado. Our worship services have held steady from the increase that we saw in September. Also, we have seen an increased desire from our people to be used by the Lord. As I write this, one of our ladies is helping my wife stuff candy bags in preparation for our Halloween outreach.

We have also see in increase in a desire for discipleship. We currently have a husband and wife meeting with me once a week for disciple classes. I also had a man that I have been working on, to no avail, reach out for a video link to a sermon of mine. Small things like this are huge encouragements to us.

All in all, things are going surprisingly well. Even during this pandemic. Our state is on the verge of going back under “stay at home” orders. Pray this does not happen.

During this month, my wife gave me a little scare. As many know, my wife battles MS. For the most part, she does well with it.

This month she had a flare up that affected her ability to talk and her balance. The ability to talk lasted for about a week. She is back to normal now. We are so thankful for the prayers, texts, and phone calls.

How can You
Help Us?

We are so thankful for all the prayers, encouragement and financial support that we receive on a regular basis. Lately, we have been blessed with more churches and individuals coming on board with support, and we are beyond grateful. If any churches or individuals would like to hear more about the work and how they can help, please contact us. We can make plans to come and present the ministry and our needs, or we can set up a zoom conference.
