This is Isaac. He was Dalton's 1<sup>st</sup> friend in Colorado when we were attending Loveland Baptist. Isaac has had a very rough home life and moved around staying with his mom, dad and grandparents at different times. He is back in the area and found us on Facebook and wanted to come to see Dalton's game. After a conversation with him he told us he had accepted Christ as his savior several years ago when attending church with us and that Jesus was the only stable thing in his life the past 8 years. He now has his own vehicle and would like for him and his friend to start coming to church. It is always a blessing to see where God is and has worked in ways we did not even know of!

On Friday October 8 we provided an after-game dinner/fellowship in our home for 18 seniors. It was good getting to know the seniors on a more personal level!

## Ministry News

We were finally able to meet with James Taylor and his family last week! We had been trying for a few weeks but had to reschedule at least twice due to choir concerts, cross country meets, football games or school activities with all of our kids. It was a great time of fellowship, and we will be working to help and support each other's ministries in the Longmont/Mead area! It was also a great personal blessing for me to learn that one of the areas God has led them to is THE very area I have been burdened about ever since we had I.M.P.A.C.T. here a few summers ago. Through God's providence we could not do the drive through prayer where I had intended, and we were forced to find another spot. That spot was where my kids were attending an athletic training facility in Longmont. During that week, we prayed with hundreds of people and were told repeatedly we were needed in that area. I prayed about it and God impressed it on my heart that I was in the right place in Mead and that Longmont would be a total separate ministry and I would be spreading myself too thin. We learned Kenya is working a block from the athletic facility and has met a lot of the people we came in contact with. They are also actively ministering in the park a block from there! Through this God has reaffirmed to me HIS timing is perfect and HIS plan will be carried out!

TO GOD BE THE GLORY!
